

Aqua Blue

Anita Lipnicka

Nothing ever can explain
why I let it go astray
Why I let it fade to grey
when what we had was an aqua blue

Aqua blue like sea and sky
deep below and way up high
doesn't have to prove itself
to somebody else ...

give me aqua blue

Walk me through the waterfall
let me start a new
walk me through the waterfall
back to the aqua blue

It was such a big mistake
tell me that it's not too late
say you're gonna ease the pain
and drift again
in the aqua blue
Walk me
