

Rock Me Up A Mountain

Anita Meyer

Rock me up a mountain, roll me down a river
Spend me till I'm broke and shower me with love
When I feel your heartbeat, moving to my rhythm
Then I know what makes my world go round

I, I just couldn't wait too long, No I
Never knew a love so strong could hold me
Callin' my name, just the way that you do
Like the sun and the rain
Won't you colour me a rainbow

Rock me up a mountain, roll me down a river
Spend me till I'm broke and shower me with love
When I feel your heartbeat, moving to my rhythm
Then I know what makes my world go round

Take away the sun the rain the very air I breath
I'd give it all for loving you
There's nothing I would need
You've made my life complete
You gave me all the love in you

You, you mean everything to me, you do
Only you can't carry me with you
I'm under your wing
And you're keepin' me warm
While we're waiting for spring
Won't you colour me a rainbow

Rock me up a mountain, roll me down a river
Spend me till I'm broke and shower me with love
When I feel your heartbeat, moving to my rhythm
Then I know what makes my world go round

Rock me up a mountain, roll me down a river
Spend me till I'm broke and shower me with love
When I feel your heartbeat, moving to my rhythm
Then I know what makes my world go round

Rock me up a mountain, roll me down a river
Spend me till I'm broke and shower me with love
When I feel your heartbeat, moving to my rhythm
Then I know what makes my world go round
