

## The Walls Keep Talking

Anita O'Day

There's a house on the hill  
Bound to give you a chill  
'Cause at night when it's still  
They say the walls keep talkin'  
The spooks keep walkin'  
So the folks in the town  
Pass the legend around  
Someone lives underground  
That's why the walls keep talkin' alright  
You hear a scream (Aaaaaah!)  
Out of the night (somebody turn on the light)  
You wake from your dream (let me get out of here)  
So filled with fright (why I didn't do nothin')  
When you walk down that lane  
You can hear it so plain  
It'll drive you insane  
Because the walls keep talkin'  
But no one's walkin' around
