

Sweet Splendor

Anita Ward

Love to me
Is to have someone that's with you right or wrong
With a love that's strong
And the one you're giving me has made a home

And no matter how many times we stopped dreaming
We stayed right there, You held your ground
You're the fortune that I found, You're my everything
If you only knew, If you could read my mind
You'd see the happiness that you bring

Sweet Splendor, A heavenly love
Thank God you're mine
Sweet Splendor is when I know
Your love's been kind
Sweet Splendor, Livin' here in your love
Has been Sweet Splendor
