

## Sweet Splendor

Anita Ward

Love to me  
Is to have someone that's with you right or wrong  
With a love that's strong  
And the one you're giving me has made a home

And no matter how many times we stopped dreaming  
We stayed right there, You held your ground  
You're the fortune that I found, You're my everything  
If you only knew, If you could read my mind  
You'd see the happiness that you bring

Sweet Splendor, A heavenly love  
Thank God you're mine  
Sweet Splendor is when I know  
Your love's been kind  
Sweet Splendor, Livin' here in your love  
Has been Sweet Splendor
