

Brand New Chick

Anjulie

Don't need your sad face, sorry baby
But I made up my mind
I made up my mind

Don't need a re-run, been there, done, done
You're so back in time
Get back in time

Yeah, I know that the sex was good
I remember, I was showing you what to do
Yeah, yeah
Up against the walls, bathroom stalls oh
I was so freakin' blind
So freakin' blind

And now I'm singing

[Chorus: x2]
Oh, oh,
Been feeling so fly
Since you been gone
My face to the sky,
Sunglasses on
Turning up the beats so sick,
I'm like a brand new chick

Don't need a rescue
It's all good baby
I been hittin' my stride
Hittin' my stride

Got my red lipstick on
Engine's revving
You're so far behind
And I'm taking mine

Yeah, I know that uhh'd me good
I remember and I showed you a thing or two
Yeah, yeah
Got goin' on my back
Look at yeah
Bet you thought I'd never survive
Well I'm still alive

And now I'm singing

[Chorus x2]

[Hook:]
I'm like a, I'm like a, I'm like a brand new
I'm like a, I'm like a, I'm like a brand, brand
Turning up the, turning up the, turning up
The beat so sick
I'm like a brand new chick

You wouldn't recognize me
Standing right in your face

Nothing like I used to be, be, be

And now I'm singing

[Chorus x2]

[Hook x2]
