

Radio Sad Song

Ann Beretta

Everday's just a little bit better then the one
before as we come down a dark lonely highway knocking on my hom
etown's door then
I pull up to my house and the lights are down
I get this feeling when
I come around seen a lot of places done a lot of things most of
them
I'm not very proud of but a man can dream and now that I'm gett
ing older all the time
I can move on from here now leave my past behind radio play a s
ad, sad song radio play something
I can drive home to for me and for you...
