

## **Straight Shooter (election Day)**

**Ann Beretta**

When you don't know & we're out of time and you don't show and  
we're hung to dry we take it to the streets  
with our fists held high singing to a chorus of one tonight  
you know it's too late & we don't shoot straight we take it too  
the streets tonight  
we're six guns south with our pistols by our sides, we pledge a  
llegiance, freedom reigns tonight  
right or wrong heads too strong & we don't look back  
and we're throwin' it all away  
on election day  
we led astray.
