

Bad Girl

Anna Abreu

I know you're trying but your fails are turning around, hey!
I'm uncontrolled with all the shuts are never mine, oh!
I'm gonna tell you how I feel before you hit the ground
This time I'm gonna make you see
And I'm gonna make it loud

You'll be over in a minute now
'Cause I'm a bad girl, bad bad girl
I'm a bad girl, bad bad girl
Don't mess with a bad girl
You'll get hurt
Stop mess with a bad girl, bad bad girl

You think I wanna be awake without you, babe? No!
It might be hard for you but I'm gonna go my way, hey!
I'm gonna hold my head up, have my feet just stomp the ground
I honestly won't take no more, you see this girl is proud

Don't tell me what to do, no
Don't tell me where to go, boy
No wonder he speaks so, no no no
I'm doing just fine now
Stop pushing me around now
You're pushing me around now, no no no
