

BROKEN KIND OF GOOD LOVE

Anna Abreu

I'm done
I want u gone
Still we don't split
There's not much
to smile about
But I fake it
No I don't think we rock
Not much left, the glitters fading
So what we have must stop
A clean cut, not worth debating
Still every time
We cover up and we make it
That's what we get
for keeping it alive
Your heart is calling
but I just can't hear enough
Lost in a wicked case of bad love
We keep on falling
And I see the curtain drop
Can'tu see this is insane
I'll scream and shout
Then spit you out
I'm hurt, no doubt
Still the song remains the same
Your heart is calling
But I just can't hear enough
Stuck in a broken kind of good love
If u like
Then I despise
And well that's it
(If u like I despise)
(There's) no need
To harmonize
We just don't hit
We're done reaching out
What's left without pretending?
Beyond a shadow of doubt

Still every time
We've covered up, we've made it
But still What do I get
by keeping it alive
Your heart is calling
but I just can't hear enough
Lost in a wicked case of bad love
We keep on falling
And I see the curtain drop
Can'tu see this is insane
I'll scream and shout
Then spit you out
I'm hurt, no doubt
Still the song remains the same
Your heart is calling
But I just can't hear enough
Stuck in a broken kind of good love
Inside I feel my heart is dead
Inside I feel that this is it

And I'm not OK
Your heart is calling
but I just can't hear enough
Lost in a wicked case of bad love
We keep on falling
And I see the curtain drop
Can'tu see this is insane
I'll scream and shout
Then spit you out
I'm hurt, no doubt
Still the song remains the same
Your heart is calling
But I just can't hear enough
Stuck in a broken kind of good love
