

# Shame

Anna Abreu

walked around  
And through the empty halls  
I could hear the sound  
Echoing a call  
Of a love so strong  
That gently slipped away  
Now there's no one left to hold today  
You know what they say

When your heart is bleeding it'll heal in time  
But what if I myself am guilty of the crime?  
Cause I see

I didn't realize I had it all  
Instead I chose to take a fall  
Now it's all the same  
And I've me to blame  
Now I'm left alone with all my shame  
Left with all my shame

Painful whispers  
Shouting in my head  
Things that were bright yellow  
Are now black instead

I had a secret meeting with a strange desire  
I couldn't get enough it only took me higher  
Now I see

I didn't realize they had it all  
Instead I chose to take a fall  
Now it's all the same  
And I've me to blame  
Now I'm left with all my shame

The picture of us on the window seal  
Is now replaced with dust  
And your fingerprints are gone  
And now loneliness is a friend of mine

I didn't realize I had it all  
Instead I chose to take a fall  
Now it's all the same  
And I've me to blame  
I didn't realize I had it all  
Instead I chose to take a fall  
Now it's all the same  
And I've me to blame  
Now I'm left alone with all my shame  
Left with all my shame  
My shame
