

Cry

Anna Calvi

You know why I lie
Is it so cruel to see you cry?
Hell and Heaven quakes
Where you, where you hide
It makes you cry

All the sounds combine
All the notes will align
When you cry

Oh wait
Show me where it hurts

Deeper, Deeper in
You sing so high
When you cry

Sweet is the song
It's the sound that I hold
When I see in your eyes
That it's wrong
But if you love me won't you cry?

Cry
