

# Tristan

Anna Calvi

(Ah ah ahaaaaaaaaaa  
Ah ah ahaaaaaaaaaa)

And I can feel it now  
The touch is turning me  
Oh it's closer, closer  
Closer calling me

Now if you're going to do it, do it now  
God help you Tristan  
When we rise, we rise so high  
God help us Tristan

(Ah ah ahaaaaaaaaaa  
Ah ah ahaaaaaaaaaa)

You're the one with the armour harm and let it go  
Oh I dare you, I dare you now to trust in me

Now if you're going to do it, do it now  
God help you Tristan  
As we rise and rise so high  
Sunlight, Tristan

(Ah ah ahaaaaaaaaaa  
Ah ah ahaaaaaaaaaa)

On a wave that takes me out  
God help it Tristan  
On a wind I'm calling out  
God help us Tristan
