

Take Me Where I Want To Go

Anna Graceman

Take my hand and show me the way
I'm holding on, so I can't break away, hold me back

Take me where I want to go, take me where it always snows
Take me where it's sweet and sour and smells just like a flower
Hold me as I call your name, dancing still the same
Take me where I want to go

Take my heart and show me the way
Dance on the ground and I try to obey, please don't let me

Take me where I want to go, take me where it always snows
Take me where it's sweet and sour and smells just like a flower
Hold me as I call your name, dancing still the same
Take me where I want to go

Skies are full of sunshine and you'll always be mine! yaheeah
Take me where I want to go. Take where I know, and you know

Take me where I want to go, take me where it always snows
Take me where it's sweet and sour and smells just like a flower
Hold me as I call your name, dancing still the same
Take me where I want to go

Take me where I want to go
