

# Damaged Ones

Anna Ternheim

Maybe we are the damage ones  
Endless need like a burning sun  
Burns like you my damage one

On my knees in a faceless crowd  
We go blind when the stakes are high  
I'm on my knees can you see me now?  
Whatever you do don't leave me tonight

Maybe we are the damage ones  
Endless need like a burning sun  
Burns like you my damage one

You and I in a shameless state  
I want you so badly, you know...it's a pain to wait  
What keeps you from moving, are you afraid to be loved  
see how my hands shake, I was raised on it like a drug

Maybe we are the damage ones  
Endless need like a burning sun  
Burns like you my damage one  
It's you or none my damage one  
It's you or none my damage one
