

## Halfway To Fivepoints

Anna Ternheim

How to get to fivepoints?  
Make the wrong turn, you'll know  
If you're thinking of going  
Think no more

Who's taking you down there?  
What's his name, let me know  
The price he offers  
Round the corner of love

Halfway to fivepoints  
Is as far as you'll come  
Halfway with high hopes of love

So be careful, my love  
Be careful, my girl  
Be careful with love

How to get to fivepoints?  
How would I know?  
A place so distant  
And so long ago

Halfway to fivepoint  
Is as far as you'll come  
Halfway with high hopes of love
