

# You Mean Nothing To Me Anymore (Naked Version)

Anna Ternheim

Let the curtain fall, on me and you  
Let the lights go out and blow out the fuse  
No strings attached between me and you

Amazing  
It seems you mean nothing to me anymore  
We're acquainted. As we're expected to be when we grow up.

You remind me of not letting go  
Disabled by fear to be on my own  
Having a twin as your lover, you'll never be free

Amazing  
It seems you mean nothing to me anymore  
We're acquainted, as we're expected to be when we grow up

When we grow up
