

Dance With Me

Anna Tsuchiya

I feel so good tonight
My body is burning now
The party just begun
The rhythm's gonna start
Everybody, hurry up
You don't need to be shy

Oh gosh you caught my eyes
I don't care who you are
Oh you're so hot
Baby, is this love or illusion
Be with me
I want to spend this night with you
Come on, come on
Just dance with me

I stuck up to you
Crawling up my foot
Your milk makes me melt down
Let's do it, do it
Now I want to eat you
Baby, baby, sleep with me
Baby, boy come to mommy
I'm coming, I'm coming

I have nobody on my mind
Forget everything and dance
Feel my heartbeat and melt down
Take me to your haven
Give me your enegy
Please just watch me burn out

I really want to be with you
Time goes by so slowly
Take your time
I'm undressed so baby, do it
Touch me now
Try to kiss & hold me down
Oh come on, come on
and dance with me

I stuck up to you
Spit it on my foot
Hit me one more time
And do it, do it
Now I want to eat you
Baby, baby, sleep with me
Baby, boy come to mommy
I'm coming, I'm coming

Who, who, who
Who are you boy?
Don't stop touching
No, no, no
No I can't stop
Hit me harder
Chu Chu Chu

I want you more
Close to me
Baby just dance with me

I stuck up to you
Crawling up my foot
Your milk makes me melt down
Let's do it, do it
Now I want to eat you
Baby, baby, sleep with me
Baby, boy come to mommy
I'm coming, I'm coming

I stuck up to you
Spit it on my foot
Hit me one more time
And do it, do it
Now I want to eat you
Baby, baby, sleep with me
Baby, boy come to mommy
I'm coming, I'm coming
