

Human Clay

Anna Tsuchiya

Takeyoru sadness
michibiku drum beat
kazoe kirenai foot step

Daichi no compasses
furueru paradise
nariyamanai gun shot

Miagereba there's a blue sky
furisosogu twinkle stars
karadajuu ga let's so hot
Oh, crash & burn crash & burn
All the stars explode tonight

I'm not a human clay
amai gisei
nagai mayami ni tozasarete
If you say I'm a live
I guess I'm living now
(But) you never can't control me
Because I'm not a human clay

Muryokuna poor child
hirefusu angel
seigi nadonai battle

Oshiyoseru darkness
hanatareta nightmare
kooritsuku your body

Fumitsukerareta Adam
yomigaeru kajitsu
ai o nomihosu little Eve
Oh, oh ladies & gentleman
Nothing can hold you back now

I'm not a human clay
aegu gisei
iku sen mo no namida o nagashite
As long as you say I'm free
Then keep these chain on
(But) you never can ' t control me
Because I'm not a human clay
Because I'm not a human clay

Please don't cry for me
Because you're too late
If you want to live
Kill me gently ...
Now!
