

Red clouds in the east. I opened my eyes
in the Bloody battlefield, when can I find you.
I was lost in grief. Tears came from my eyes.
No need to draw blood anymore

Sad eyes follow me. And I think I'm falling
I lost my armor during the battle
Please don't leave me alone. I can't stop my pain.
Breathe words of love

Savage world in which you live
Suddenly, dark sky chasing me.

You know your God is watching you
Floating down from the sky □ calling you
Just a little while I want to be with you
Wiping away all of my tears, for you

Can you feel me now? Can you see me?
Pulled the trigger and Say good-by
Please take me to my grave, if you're my angel
No need to drop tears anymore

Savage world in which you live
Suddenly, dark sky chasing me.

I know my god is taking you
Save me from the dark. I'm losing you
All I want to say is loving you
Wiping away all of your tears, for you

Fallen angel kissed me, Holding my last breath.
Fallen angel cried for me.

Love is sweet torment
My love for him has never died
Does love last forever or is it ephemeral

You know your God is watching you
Floating down from the sky □ calling you
Just a little while I want to be with you
Wiping away all of my tears, for you

Fallen angel kissed me, Holding my last breath.
Fallen angel cried for me.
