

Goodbye

Anna von Hausswolff

I see him
run away from me
I see him
run away

It is a dream
and you
run away
It is a dream
and you
run away

But I revoke

The dream I see before my eyes
Goodbye

Goodbye

I seen it all before
for a while
I sleep away the horrors of the night
and when I wake
I realize it's all there

It's all there
It's all there
It's all there

The dream I see before my eyes

Goodbye
