

Move On

Anna von Hausswolff

Things they never say
Sleep it all away
Things you'd like to know
Through a dream

See it in his eyes
Follow it by your
Moving out of it
I want to know how it feels to hold.
How it feels
How it feels

All of it is fake.
Announced by your mistake
I thought
I had it all clear
Here
Clear
But theres some things
You really don't need to hear
