

All For You

Anna Waronker

Oh, you know I've been feeling down
How can I fly with my feet on the ground?
How can I sing when I can't make a sound?
Heavy rests the head that wears this crown

I want to give everything
But you know I'm not just anyone
I've got a lot of things to do
I do it all for you

I wish they could all just tune into me
So I could stay in front of my TV
And put things away from fucking tiffany's
And stay home and play
Just like I've been doing, just like I've been doing
But you're gonna miss me

I want to give everything
But you know I'm not just anyone
I've got a lot of things to do
I do it all for you

If I could be in two places at once
I'd be out at sea really packing a punch
And then I'd be at home making us lunch

I want to give everything
But you know I'm not just anyone
I've got a lot of things to do
I've got a lot of things to do
I want to be everything
But you know I'm not just anyone
I've got a lot of things to do
I do it all for you, for you
