

How Am I Doing

Anna Waronker

My songs are good
My voice is strong
I've never been alone before
So how am I doing?
How am I doing?
How am I doing?

The road is long
The road is tough
I didn't think I'd have to work this hard
So how am I doing?
How am I doing?
How am I doing?

As I stand here
On my own two feet
With a little help
From my friends
So sweet, like you
and you, and you,
and you, like you
and you, and you

So how am I doing?
How am I doing?
How am I doing?
