

## Heavy

Anne-Marie

When did we get so lost inside ourselves?  
We used to be strong, now it's like we don't care  
Instead we're calling out for help  
Don't know where we went wrong, but it's so hard to share

All this weight left on our shoulders  
Too much for the both of us

When did it get so heavy?  
This love that's in between us, we never used to feel this  
Feels so heavy  
Can't get up off the ground, it's weighing us down

When did we get so bad at being honest?  
You got things on your mind that you don't want to say  
Thought that we had made a promise  
That we would never get this way

But all this weight left on our shoulders  
Too much for the both of us

When did it get so heavy?  
This love that's in between us, we never used to feel this  
Feels so heavy  
Can't get up off the ground, it's weighing us down

All these things we said that we never meant  
Are we gonna let them hold us down  
All these things we said that we never meant  
Are we gonna let them hold us down, down

'Cause baby it's too heavy  
This love that's in between us, we never used to feel this  
Feels so heavy  
Can't get up off the, can't get up off the ground, it's weighin  
g us down down down

When did it get so, when did it get so heavy?
