

## Christmas Wishes

Anne Murray

If I had my way this Christmas  
If all I would wish could be  
Of all the great wishes  
In a wonderful world  
I'd only ask for three

And if I could have three-ee wishes  
And if my first wish came true  
There'd be peace on earth  
Good will among men  
And love in all that we-ee do

Can you imagine a world like that  
What a wonderful world it would be  
And then I would wish  
It could go on forever  
For people like you and me

If I had my way this Christmas  
And if the two others came true  
My third wish would be  
For now and forever  
To share all my wishes with you

My third wish would be  
For now and forever  
To share all my-y wishes wi-ith you
