

Come On Love

Anne Murray

I know I said I never wanted to see you again,
feel you again, need you again,
But here I am, ready to try once more.
Even after all the others swore they were mine, left me behind,
I'm still trying to find,
One good love that could even the score.

So come on love, try me one more time.
Give me one more chance to find the one that I've been looking
for.
Come on love, won't you deal me one more hand, let me play the
game again.
Come on love, it's time to try me one more time

This time it took a little longer for my heart to heal
Longer to see that I could believe in you enough to try again
Even after all the evils you put me through
I still find myself coming back to you
Here I am, this time I'm ready to win

So come on love, try me one more time.
Give me one more chance to find the one that I've been looking
for.
Come on love, won't you deal me one more hand, let me play the
game again.
Come on love, it's time to try me one more time
