

Drown Me

Anne Murray

Came home from nowhere
Found your note on my door
Thank god I don't have to come home
To nowhere no more
I read the words you wrote me
Said you never went away
Maybe I finally found someone
Who's here to stay

Gonna let you weave a web around me
Gonna let you burst your dam and drown me
Hang on
To me
Gonna try to be free
That ain't easy

I take you with me
Everywhere that I go
We're gonna grow
The way we want to grow
You're the one who taught me
What it's like to live
I used to love to take love
But now I love to give

Gonna let you weave a web around me
Gonna let you burst your dam and drown me
Hang on
To me
Gonna try to be free
That ain't easy

Gonna let you weave a web around me
Gonna let you burst your dam and drown me
Gonna let you weave a web around me
Gonna let you burst your dam and drown me
Gonna let you weave a web around me
Gonna let you burst your dam and drown me
