## **Everything Old Is New Again**

**Anne Murray** 

When trumpets were mellow And every gal only had one fellow No need to remember when 'Cause everything old is new again.

Dancin' at church, Long Island jazzy parties Waiter bring us some more Bacardi We'll order now what they ordered then 'Cause everything old is new agian.

Get out your white suit, your top hat and tails Let's go backwards when forward fails And movie stars you thought were long dead Now framed beside your bed.

Don't throw the past away You might need it some rainy day Dreams can come true again When everything old is new again.

Get out your white suit, your top hat and tails Put it on backwards when forward fails Leave Greta Garbo alone Be a movie star on your own.

And don't throw the past away You might need it some rainy day Dreams can come true again When everything old is new again.

When everything old is new again.
