

# If I Don't Fall Tonight

Anne Murray

You handed me the star I've been wishing on  
My heart is flying higher now than it's ever gone  
There's a beautiful horizon from your arms here I can see  
Don't you know that you've got me right where I want to  
be

If I don't fall tonight could I ever be more sure  
If I don't give in now what have I been waiting for  
I can't stay here on the edge with your body next to mine  
If I don't fall in love with you tonight I'm never gonna  
fall at all

You're finding feelings I never knew I had  
You've got me believing this time they'll really last  
I'd have to be a statue not to be moved by your touch  
Push won't have to come to shove I'll go easily enough

If I don't fall tonight could I ever be more sure  
If I don't give in now what have I been waiting for  
I can't stay here on the edge with your body next to mine  
If I don't fall in love with you tonight I'm never gonna  
fall at all

If I don't fall tonight could I ever be more sure  
If I don't give in now what have I been waiting for  
I can't stay here on the edge with your body next to mine  
If I don't fall in love with you tonight I'm never gonna  
fall at all

I'm never gonna fall at all
