## When I Fall In Love (Celine Dion, Anne Murray)

## Anne Murray

When I fall in love it will be forever or I'll never fall in lo ve In a restless world like this is love is ended before it's begu n And too many moonlight kisses seem to cool in the warmth of the sun When I give my heart it will be completely or I'll never give m y heart And the moment I can feel that you feel that way too Is when I?ll fall in love with you When I give my heart it will be completely or I'll never give m y heart And the moment I can feel that you feel that way too Is when I give my heart it will be completely or I'll never give m y heart And the moment I can feel that you feel that way too Is when I fall in love, when I fall in love with you
