

# You Set My Dreams To Music

Anne Murray

Oh, I'm lovin' what I see  
Each time you smile at me  
I love the look  
Of what you're thinking

I know how it feels to fly  
I'm glowin' like the sky  
That's on fire  
As the sun is sinking

Oh, you set my dreams to music  
As you spend the whole night  
Making them come true  
And in my whole life  
I have never had a dream  
As sweet as you

No one else I ever knew  
Could touch me quite like you  
Or say as much  
Without a word

Now love, I'm hoping you can see  
The song inside of me  
That holds more love  
Than any song you've heard now

Oh, you set my dreams to music  
As you spend the whole night  
Making them come true  
And in my who-ole life  
I have never had a dream  
As sweet as you

In my whole life  
I have never had a dream  
As sweet as you
