

You Set My Dreams To Music

Anne Murray

Oh, I'm lovin' what I see
Each time you smile at me
I love the look
Of what you're thinking

I know how it feels to fly
I'm glowin' like the sky
That's on fire
As the sun is sinking

Oh, you set my dreams to music
As you spend the whole night
Making them come true
And in my whole life
I have never had a dream
As sweet as you

No one else I ever knew
Could touch me quite like you
Or say as much
Without a word

Now love, I'm hoping you can see
The song inside of me
That holds more love
Than any song you've heard now

Oh, you set my dreams to music
As you spend the whole night
Making them come true
And in my who-ole life
I have never had a dream
As sweet as you

In my whole life
I have never had a dream
As sweet as you
