

Hope, Pray, Dance, Play

Anneke van Giersbergen

Look in my eyes, you saw me here while I was gone
You know me well, you know I'd make it all along
Look in my heart, you found a way through all my fears
You made me smile, you made the dark clouds disappear

Hope for me, pray for me
One day I'll be fine
Dance with me, play with me
Never fall behind

Walk with me, I have to show you what it's mine
Talk with me, I want to learn as much as I can
It must be hard, but there is just no other way
You make me smile, you make the dark clouds go away

Hope for me, pray for me
One day I'll be fine
Dance with me, play with me
Never fall behind
