The Angels Cry

Annie Haslam

I always knew we were meant to be lovers I always knew we were made for each other I always knew there was no one else could make me feel this way But when you go away

The angels cry Each time we say goodbye The angels cry Each time we say goodbye

The summer sun always shines when you're with me I feel its warmth in the love that you give me I feel your touch and I know that's where I always want to stay But when you go away

When we're apart The rain it falls The wind it calls For you my love

Right from the start When our love was young The rising sun The only one was you my love

I always knew we were meant to be lovers I always knew we were made for each other I always knew there was no one else could make me feel this way But when you go away
