

Dark Road

Annie Lennox

It's a dark road
And a dark way that leads to my house
And the word says
You're never gonna find me there oh no
I've got an open door
It didn't get there by itself
It didn't get there by itself

There's a feelin
But you're not feelin' it at all
There's a meaning
But you're not listening any more
I look at that open road
I'm gonna walk there by myself

And if you catch me
I might try to run away
You know I can't be here too long
And if you let me
I might try to make you stay
Seems you never realise a good thing
Till it's gone..
Maybe im still searchin
But I dont know what it means
All the fires of destruction are still
Burnin' in my dreams
There's no water that can wash away
This longin' to come clean
Hey yea yea....

I cant find the joy within my soul
It's just sadness takin hold
I wanna come in from the cold
And make myself renewed again
It takes strength to live this way
The same old madness every day
I wanna kick these blues away
I wanna learn to live again...

It's a dark road
And a dark way that leads to my house
And the word says
You're never gonna find me there oh no
I've got an open door
It didn't get there by itself
It didn't get there by itself
