

Fingernail Moon

Annie Lennox

Fingernail moon
Up in the sky
Come out and see me
See me sometimes
'cause I'm here alone
Stuck in the blue
No distance between us
Between me and you
I've got nothing to hide
I've got nothing to lose
You'll be by my side
C'mon tell me the truth

Elegant moon
You cut like a knife
It does me no favours
To stay out of my sight
Suspended like glass
All ancient and new
Allof space lies between us
Between me and you
There's no need to be shy
There's no need to be scared
I need you tonight
Come on out if you dare

I'm just a girl with my feet on the ground
I'm just a girl with my head goin' round
I feel so sad
There's something unsettling under my skin
I don't know the reason or where to begin
Caught in the circles I've found myself in
But I want to reach out and touch you
My sweet sickle moon
Up wi the sky
Come out and see me
See me sometimes
'cause I'm here alone
After all we've been through
With the distance between us
Between me and you
It dont matter how long
It don't matter howear
I'll meet you tonight
Under the stars
