Little Bird

Annie Lennox

I look up to the little bird That glides across the sky He sings the clearest melody It makes me want to cry It makes me want to sit right down And cry cry cry

I walk along the city streets So dark with rage and fear And i... I wish that I could be that bird And fly away from here I wish I had the wings to fly away from here

But my my I feel so low My my where do I go? My my what do I know? My my we reap what we sow They always said that you knew best But this little bird's fallen out of that nest now I've got a feeling that it might have been blessed So I've just got to put these wings to test

For I am just a troubled soul Who's weighted... Weighted to the ground Give me the strength to carry on Till I can lay this burden down Give me the strength to lay this burden down Down down yea Give me the strength to lay it down

But my my I feel so low My my where do I go? My my what do I know? My my we reap what we sow They always said that you knew best But this little bird's fallen out of that nest now I've got a feeling that it might have been blessed So I've just got to put these wings to test
