

## Betrayed

Annihilator

Set up, sole intention only to use  
When you want out, threaten abuse  
The perfect family, but it's all for show  
False accusation, the lowest of the low

Betrayed. Like a rat

Just feed them drink, drugs and anything they want  
The perfect mother, it all comes back to haunt  
Dad's just a liar, scheming from the start  
Watch your twisted world as it falls apart

Liar!

To make them something, to relieve your guilt  
Would you stop at nothing and would you even kill?  
Your only dynasty is, lies and scum  
All you've done is taught them, evil they become
