

Listen up you bastard  
I'm on to your game  
This is the last time that  
I will speak your name  
You always put yourself first  
And thought of nobody else  
She always gave you everything  
Got nothing for herself

Prey on the weakness  
Taking all you can get  
Prey on the weakness  
I will never forget

There is no way that you can hide  
I will not be denied  
I will deliver pain  
When our two worlds collide

Did you think for a second  
That I got nothing to say  
You better sit your ass down  
So I can ruin your day  
You've cheated for the last time  
And now it's come to a halt  
Repent for your transgressions  
And admit it's all your fault

Coward, blind man, look at me  
When I'm talking to you  
Coward, blind man, can't you see  
Your time is through

Listen up you bastard  
We're on to your game  
Before the day is over  
You will remember my name  
She don't need your bullshit  
And we don't need your lies  
She's better off without you  
We see through your disguise
