

# Demon Code

## Annihilator

I've got a little secret my brain's on fire  
I can't stop the taunting voices coming  
From the devil's own choir (devil's choir)  
Feels like I'm just pretending  
That everything is fine  
Am I the only one with this  
Or is it mine all mine  
Say is it mine

Deep in the dark  
Thoughts they haunt you  
Born in the blood  
They come when they want to  
Push them aside  
And try to control them  
Waiting inside  
To rule you once again

She looks so fuckin' good but I could never tell  
My fantasies imagination would sent me  
Right down to hell (they sent me to hell)  
Push me as hard  
As you like but if you only knew  
I might be at the breaking point  
And if I am your time is through  
Yeah, your time is through

Deep in the dark  
Thoughts they haunt you  
Born in the blood  
They come when they want to  
Push them aside  
And try to control them  
Waiting inside  
To rule you once again

Screaming for attention  
Am I the only one who sees  
Twisted illusions reality is my disease

Demented frantic visions try to take control  
This evil passenger it's living  
Deep down in my soul (in the soul)  
They say it lives in all of us living on the edge  
Gotta keep it all together now  
Or it will push you off the ledge  
Will push you off the ledge

Deep in the dark  
Thoughts they haunt you  
Born in the blood  
They come when they want to  
Push them aside  
And try to control them  
Waiting inside  
To rule you once again
