

Evil Appetite

Annihilator

Hey man, you got a dollar, maybe some change? No sorry man I don't have any money, I'm in a hurry leave me alone. Honest, all I want is something to eat. Yeah right, the way you smell you'd probably spend it on booze. I wasn't always like this.

I woke up this morning I couldn't get out of bed I had a couple of drinks last night I guess it went to my head I slept through my wake up call Forgot to feed the cat There's only one thing wrong I don't know where I'm at

Excuse, no use, it doesn't work for me You've had your chances so why bother me Tic toc, just look at the clock, your life is passing by You've had your chances, don't bother me

I've got to get a move on It's a quarter to ten I can't find my keys at all Forgot my suit again I get to work, the boss says "late" This happens everyday Once more, you've lost your job I don't care anyway

Excuse, no use, it doesn't work for me You've had your chances so why bother me Tic toc, just look at the clock, your life is passing by You've had your chances, don't bother me

One drink is all I need You don't care about the life you need You got an evil appetite to feed

Yesterday I lost my job It doesn't bother me I'll do what I want and I'll do it again You just wait and see Time for a drink and no time to think With a bottle of rum Well I'm running low and it's time to go Out to get me some

Excuse, no use, it doesn't work for me You've had your chances so why bother me Tic toc, just look at the clock, your life is passing by You've had your chances, don't bother me
