

## In the Blood

Annihilator

The lamb and the lion  
I destroyed you  
I tore your world apart  
I left the pieces bleeding in the dark

The light and the darkness  
Come between us  
I built a wall of tears  
I built it straight through your heart

It's in the blood  
Running through my veins  
The pain inside is driving me insane  
I've done it all before and I'll do it again and again  
Cause it's in the blood  
It's in the blood

The dream and the nightmare  
Lay on the pillow beside you every night  
Cause what you see is what you get - from me  
The light and the darkness - come between us  
I built a wall of tears  
I built it straight through your heart

It's in the blood - running through my veins  
The pain inside is driving me insane  
I've done it all before and I'll do it again and again  
Cause it's in the blood - it's in the blood

Deep in my dreams  
I'm all you want from me  
I'm all of light, I'm electricity  
The light and the darkness - come between us
