

# Operation Annihilation

Annihilator

You tried so hard to break me  
To make me bend  
But I have stood the test of time

Well I've had a taste of glory  
And I've seen the hell below  
It's time for me to take what's mine

Target acquired  
We open fire  
This operation  
Annihilation

So many come and go  
They're changing like the wind  
A product from a factory

Well I've only got one mission  
And I will stand my ground  
Something called integrity

This is a retribution  
This is my revenge  
This is a resolution  
Committed 'til the end

I stand here in my silence  
Content, my soul at rest  
This is what I do it for

But to the leeches  
The liars and the thieves  
Just know I always win the war
