

## Payback

## Annihilator

Convicted, a brutal act of sin  
The sentence did not fit the crime  
Outrage, screaming bloody murder  
Released, done the time

Hey, you!  
Remember me?  
I am the last thing  
You'll ever see

Payback, I'll make you suffer  
In their name, I shall avenge  
Hunted, just like an animal  
The innocent shall have their revenge

Payment due  
Payment is you  
Payment is due  
The payment you!

Cowardly acts of violence  
The ultimate betrayal  
An eye for an eye  
True justice will prevail

Squeal, how does it feel to you  
Like a pig, down upon your knees  
Scream, as I squeeze your life out  
And rid the world of your disease
