Forgiveness  
Is not what I'm seekin'  
I look at  
For a space to breath in

I've tried  
To reach into the light but I  
I always come up shy  
But it feels like somethings right this time  
Or maybe I'm just blind

Salvation  
Is not what I'm seekin'  
She's an Angel  
Oh, the Devil is seein'

I've tried  
To reach into the light but I  
I always come up shy  
But it feels like somethings right this time  
Or maybe I'm just blind

I've tried  
To reach into the light but I  
I always come up shy  
But it feels like somethings right this time  
Or maybe I'm just blind  
Just blind  
Just blind  
Just blind
