

Fade Away

Another Animal

Jaded...sickened by your ugly ways
Hated...oblivious to your disgrace
Hollow...forced inside this empty hole
Swallow to die again

But I won't fade away
I won't fade away
Feels like I'm fade away
It's like I'm fade away

Wasted...all the years are left behind
Fated...obscured by the passing time
One day...a light will shine
Along the way
Maybe...I'll walk the line

But I won't fade away
I won't fade away
Feels like I'm fade away
It's like I'm fade away

But I won't fade away
I won't fade away
Feels like I'm fade away
It's like I'm fade away
