Fade Away

Another Animal

Jaded...sickened by your ugly ways Hated...oblivious to your disgrace Hollow...forced inside this empty hole Swallow to die again

But I won't fade away
I won't fade away
Feels like I'm fade away
It's like I'm fade away

Wasted...all the years are left behind Fated...obscured by the passing time One day...a light will shine Along the way
Maybe...I'll walk the line

But I won't fade away
I won't fade away
Feels like I'm fade away
It's like I'm fade away

But I won't fade away
I won't fade away
Feels like I'm fade away
It's like I'm fade away
