

# Hallowed

## Another Black Day

Will I find what I need?  
And then justify what I've done  
And I'm vilified for my sins  
But I found a home...I'm condemned

This obsession with the filth I breathe  
Fills my soul yet makes my life complete

Don't think nothing can stop me now  
Have I lost my way?  
Hallowed be thy pain  
Don't think nothing can stop me now  
Have I lost my way?  
Hallowed be thy pain  
Hallowed...hallowed

Raise me from the dead  
And then justify my own life  
And I'm crucified by my hands  
But I found a home...I'm condemned

This obsession with the filth I breathe  
Tears my soul yet makes my life complete

Don't think nothing can stop me now  
Have I lost my way?  
Hallowed be thy pain  
Don't think nothing can stop me now  
Have I lost my way?  
Hallowed be thy pain  
Hallowed...hallowed.
