

Been Here Before

Anouk

I guess this time, I had more than enough
You allowed my mind, to think there's no true love
Baby you're out of line, waisting all my time
Now find your own, to brighten up your life

I got a dark cold feeling, that I've been here before
The obvious is hard to see
She turned around and smiled, in her high heel shoes
Standing right in front of me

And I said leave him alone
Find one of your own

Took me a long time, to find a man like mine
The dreamer with a right run
Now he ain't made for you, like the way I am
It's not for you to understand

And I said leave him alone
And find a man of your own
Don't you break up my heart
Yeah, leave him alone

I hate it, I hate it

I'll need a big black hole, for you to fall in
Baby, you ain't coming back
And if you try once more, you get to fit in the door
I'll be taking you to pitch black

You can't have my own, no
I'm out of control
So I am asking you nicely for the last time
To leave him alone
Find a man of your own
Don't you break up my heart
Girl, leave mine alone

Oohh, I guess this time, I had more than enough
'Cause you will allow my mind, to think there's not true love
Oehh baby, you're out of line, you're waisting all my time
Now find your own man, to brighten up your life, heeyy, oehh
